Suhas Gondukupi

Full Stack Developer | Pune, Maharashtra

+917755994279 | suhas8838@gmail.com | LinkedIn | Github | Portfolio

Professional Summary

- **Dynamic Full Stack Developer** with deep expertise in **FastAPI and Django,** proficient in designing and implementing efficient, secure, and scalable web solutions.
- Proficient in **leveraging** Django's advanced capabilities for backend development, **designing RESTful APIs**, and seamless integration with relational databases like SQL.
- Skilled in crafting **intuitive and responsive interfaces** using HTML, CSS, JavaScript, and React.

Skills and Technologies

Back-End Technology : Python, FastAPI, Django, Flask
Front-End Technology: HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS
Databases : MySQL, SQLite, Redis, SSMS (SQL Server Management Studio)
Library and Packages : Numpy, Pandas
Tools : Docker, AWS, Version Control Git, Github, Postman API Testing

Experience

AYC Analytics Pvt Ltd − Python Full Stack Developer   **April 2025 − Present**

- Engineered the **SUVI Data Automation Platform, streamlining data ingestion and validation from Excel to SQL Server** using React (frontend) and FastAPI (backend).
- Implemented secure **SQL Server and Windows Authentication mechanisms** for database connectivity**.**
- Developed robust **data validation logic in FastAPI** to enforce column name checks, data types, and constraint validations (e.g., NOT NULL, PK).
- Built APIs for real-time validation feedback and error reporting, increasing data accuracy and reducing upload failures by 70%.

Projects

Society-360 − Society Management System | HTML5, CSS3, JavaScript, Python, Django, MySQL   [Link]   **July 2025**

- o **Automated 80% of manual tasks,** streamlining notice board updates and maintenance payment processing, reducing administrative workload
- o **Integrated Razorpay for secure online transactions,** enabling 100+ society members to pay monthly dues seamlessly.
- o Built an Amenity Booking System, enabling members to book facilities with **real-time availability.**
- o Implemented a Complaint & Notification System, automating email alerts for payments, bookings, and society updates, **improving response time by 40%.**

Santa's Treasure Logistic System | HTML5, CSS3, JavaScript, Python, Django, MySQL, Bootstrap   [Link]   **May 2025**

- o **Optimized** delivery efficiency by 25% through **Google Maps API-based route optimization.**
- o **Integrated OTP-based delivery verification,** ensuring secure order fulfillment, reducing unauthorized deliveries.
- o **Implemented Razorpay API for encrypted transactions**, ensuring secure payment processing.
- o Enabled real-time **order tracking and analytics**, improving decision-making for logistics management.

Education

Dr. D. Y. Patil Arts Commerce and Science College, Akurdi, Pune   **May 2024**

Bachelor of Computer Application (B.C.A)   8.31 CGPA

Achievements

- Winner, Jingle Byte Coding Competition 2025 (Top 1 of 78 competitors)
- 1st Prize, Thunder Bytes Monsoon Hackathon 2024

Certifications

- Python for Web Development − IBM
- Master in Full Stack Web Development with Python – Itvedant Education Pvt Ltd
- HackerRank Intermediate SQL
